

# BLOOD STILL RUNS IN SOUTH AFRICA

## British and Boers In Continual Clash.

### ORANGE FREE STATE MEN ROUTE THE ENGLISH.

#### Engagement Occurred at Riverton Near Markley, and North of Kimberley—Reports From Boer Sources Say That the Burgers Lost Sixty in the Battle at Mafeking—Gen. White Will Not Arm the Natives—Other War News.

Cape Town, Oct. 18.—[Special]—Orange Free State troops defeated a small British force at Riverton, near Markley, north of Kimberley. Two of the British soldiers were captured.

The reports from Boer sources say that the burgers lost sixty killed and wounded in the fighting about Mafeking.

A sharp engagement took place at Rathabana station, north of the town. General White, commanding the British forces in Natal, has refused to arm the natives who wished to fight against the Boers.

#### White Flag Hoisted

Pretoria, Oct. 18.—[Special]—A white flag having been hoisted at Mafeking, a Boer envoy was sent to see if it meant surrender. The envoy was detained six hours by the British and then sent back. The siege continues. The Boers are using Krupp guns in the attack on Mafeking.

Col. Powell is laying a temporary track from the town so that an armored train may be run out to the defenses.

#### Zulus Help British

Capetown, Oct. 18.—[Special Cable]—The natives in Zululand are arming and a native chief says he is unable to restrain his people. It is expected that the Zulus will unite with the Swazis and both tribes will help the British.

#### To Threaten Greytown

Cape Town, Oct. 18.—[Special]—It is now believed that a flanking force of Boers intends threatening Greytown, Natal, which is a considerable distance south of Ladysmith, and not far from the coast.

#### Correspondent is a Prisoner

Pretoria, Oct. 18.—[Special Cable]—Rev. Adrian Hoffmeyer, a brother of the Afrikaner leader at Cape Town and correspondent to the London Times at Bechuanaland, has been made a prisoner by the Boers.

#### To Call Out Reserve

London, Oct. 18.—[Special Cable]—A London message from the Queen announcing her intention of calling out the militia reserve force was read in the House of Commons today.

#### Cronje Using Shells

Cape Town, Oct. 18.—[Special Cable]—Cronje, who is commanding the attack on Mafeking, continues to shell that place. The reports of losses on either side are unconfirmed.

#### Boers Hold Taunogs

Pretoria, Oct. 18.—[Special Cable]—The Boers occupied Taunogs, between Vryburg and Kimberley, without meeting any opposition.

London, Oct. 18.—The Morning Post's Ladysmith correspondent telegraphs that the Basutos have risen against the Free State.

Colesberg, Oct. 18.—It is persistently reported from widely different sources that a large force of Boers resolutely attacked Mafeking on Friday and after several hours' fighting were repulsed with heavy loss.

Cape Town, Oct. 18.—The government has news that a fight has occurred at Kimberley. The Boers have been repulsed with a loss of five killed. The British sustained no loss.

No fear is felt for the garrison, for it is well armed and manned and has a four months' store of provisions.

British confidence in the ability of Kimberley and Mafeking to defend themselves is shown by the destruction by their forces of the Hopetown bridge over the Orange river, seventy-five miles south of Kimberley—a move designed to check the Boer invasion of Cape Colony. This colony's direct monetary loss by reason of the war has already run into the hundreds of thousands sterling.

Absolutely no reliable reports come from Mafeking. Rumors of British successes there arrive constantly, but these, while regarded as indicating that Col. Baden-Powell is holding his own, are rejected as to details because of their Kaffir origin.

The government has proclaimed martial law in the leading Dutch districts of Cape Colony, the threatening attitude of the Orange Free State Boers at Aliwal North and opposite Colesberg having inspired fear that a general

rising of the Cape Dutch may follow the imminent rushing of the border.

#### Boers Occupy Ingogo Heights

Pretoria, Oct. 18.—The operations of the Boer commandos Monday were highly successful. According to a special dispatch from the Natal border, the Transvaal artillery has occupied the Ingogo heights, where Gen. Sir George Colley, Feb. 8, 1881, lost 150 out of his 270 men in battle with the Boers, the Boer loss in that engagement being but eight killed and nine wounded.

A strong force of Transvaal Boers has re-occupied Gen. Kock at Newcastle, occupied by that commander Saturday, and the Free State commandos which have crossed into Natal at various points have effected a junction with this Transvaal force.

A heavy engagement is expected at Newcastle today, but in the event of the British delaying an attack on this position it is presumed that Gen. Kock will employ the time so granted in drilling his joint command.

The Orange Free State burghers report that on their march up to Newcastle they saw nothing of the British, who are strongly encamped in the country between Ladysmith and Dundee.

#### Loyds Denies Bond Rumor

London, Oct. 18.—Dr. Loyds, the European representative of the Transvaal government, replying from Versailles to an inquiry as to whether there was any truth in the report that bonds issued by him or by the Transvaal government for war material had been dishonored, telegraphed as follows: "The statement that drafts for war material have been dishonored is a pure invention."

#### Nearly All Reserves on Hand

Tuesday was the last day for the reserves to rejoin the colors, and the latest reports from the principal centers show that virtually all the reserves have presented themselves.

#### Krugers Rejects Offer of Fleet

According to a dispatch from Pretoria the Transvaal government received an offer from a wealthy European recently to supply a fleet of completely equipped torpedo boats for the purpose of blowing up the British transports on arriving in South African waters. The offer was curtly rejected. President Kruger refusing even to consider it. The originator of the scheme, who had been in Pretoria only twenty-four hours, left immediately.

#### Watch Great Britain's Rivals

New York, Oct. 18.—The Journal prints the following from Washington: "The state department has instructed our European representatives—diplomatic, consular, military and naval—to report at once the first certain indication of the desire of Great Britain's rivals to take advantage of her South African difficulties. Nothing sufficiently serious to justify a formal report has occurred, but developments are momentarily expected."

#### Boers Not in Fighting Trim

Glencoe, Oct. 18.—No fresh Boer movements of vital importance are reported. Gen. Symons in his latest report concerning the Boers immediately to the north states that they have only 8,000 mounted men, but a large number on foot. The horses are in wretchedly poor condition and the men already look worn out. The Boers are robbing all the natives coming through from the Transvaal.

#### Boer Ammunition Stopped

Port Said, Oct. 18.—The German steamer Kaiser, from Hamburg, is discharging here 4,000 cases of ammunition consigned to the Transvaal, fearing that British cruisers in the Red sea would capture her if she attempted to carry the contraband to Portuguese East Africa for trans-shipment to its destination. It is reported that the Kaiser carrier several German officers bound for the Transvaal.

#### Muraviev Stays in France

Paris, Oct. 18.—Although the official account of the proceedings at Tuesday's cabinet meeting makes no mention of any consideration of the South African question it can be stated definitely that it was discussed at length. The ministers weighed the possible consequences of the hostilities now in progress, and gave considerable attention to the secret negotiations which are going on among certain powers to procure an early termination of the war, if possible.

M. Delcasse, minister of foreign affairs, read the reports received from various French diplomatists abroad regarding the Anglo-Boer dispute. He stated that Count Muraviev, the Russian minister of foreign affairs, had received the czar's permission to remain in France pending events in connection with the South African situation.

#### Germany Is Strictly Neutral

Berlin, Oct. 18.—The German press is indignant at the representations in the London papers that Germany is covertly aiding the Boers. The Berliner Post, apropos of this, remarks that while it is quite true that German sympathies are preponderantly favorable to the Boers, that fact will not influence the government to swerve from a strict adherence to the principles of neutrality.

#### French Enlist with Boers

Paris, Oct. 18.—Many recruits are signing the lists which are being circulated at Havre and in the provinces of France to fight for the Boers. The enlistings are to be done in Brussels.

# BELOIT MEN OPPOSE NEW ELECTRIC LINE

## MERCHANTS THINK THEY WOULD LOSE TRADE.

Fear the Competition of Janesville and Rockford Dealers if Rapid Transit is Secured—Promoters Apply to Council For a Right of Way—State News.

Beloit, Oct. 18.—[Special]—Strong opposition to the new electric-railway has developed here, merchants thinking that it would draw trade to Janesville and Rockford.

Beloit, Wis., Oct. 17.—Application for a right-of-way through State and Pleasant streets was made at the meeting of the common council last night by Messrs. Einstein and Olsson, representing the proposed interurban electric railway to be known as the Beloit Northern, Southern, Eastern and Western Traction company. The agents say the road will be built as soon as possible if Beloit will co-operate in the right-of-way. They demand the use of business streets.

According to the Free Press, two franchises are asked for. One calls for a line on Eclipse avenue from Pleasant street to Park Place; in Park Place from Eclipse avenue to Church street; in Church street from Park Place to Lawton avenue; in Lawton avenue from Church street to Park avenue; in Park avenue from Lawton avenue to White avenue; in White avenue from Park avenue to Milwaukee Road; in Milwaukee Road from White avenue to the eastern boundary of line of the city of Beloit.

The other asks for a line on State street from the south city limits to St. Paul avenue; St. Paul avenue from State to Pleasant streets; from St. Paul avenue to River Road; thence along River Road to the north boundary of the city of Beloit; with a branch in School street from Pleasant to State street and along State Street from School street to St. Paul avenue.

Why the rights of way are asked for in two distinctive ordinances, is not plain to the average citizen.

Of course it is asked if the real purpose is not to possess streets for the Rockford line, and then let the Clinton line go by default. Is it not the Rockford line that is wanted?

#### German Soldiers' Union

Sheboygan, Wis., Oct. 18.—Articles of incorporation were filed for the formation of the German Soldiers' Union of Wisconsin. The incorporators are Henry Schilder, Louis Toepper, Gustav Guenther, August C. Koethke and John Schwarz. The organizations which will belong to the Union are German Soldiers associations of Milwaukee, Green Bay, Appleton, Brillion, Chilton, Watertown, Sheboygan, Kenosha, Plymouth, Manitowish, Stevens Point and Seymour. The first meeting will be held at Watertown, June 20, 1900.

Pratt, Elva, \$6 to \$12; Louis Gundersen, West Superior, \$6 to \$8. Original widows, Colida S. Look, Neenah, \$8.

#### Killed by the Cars

Milwaukee, Oct. 18.—Charles Quirk 18 years of age, whose parents, Mr. and Mrs. Michael Quirk, live at 1165 Kinzie avenue, was instantly killed yesterday afternoon by a Northwestern train between St. Francis and Oudahy. Quirk was walking along the track when he was run down.

#### Child Killed by a Horse

Marshall, Wis., Oct. 17.—Dorothy, the 7-year-old daughter of John Dodge, a stock buyer, died from the effects of a kick from a horse. A cat with which she was playing ran under a horse, and when the girl pursued it the horse became frightened and kicked.

#### Madison Pastor Goes East to Wed

Madison, Wis., Oct. 18.—The Rev. H. T. Colestock, the new pastor of the Baptist church, has gone to Williamsport, Pa., where he will be married about Nov. 1 to Miss Emma Kunkle. Miss Kunkle is a graduate of Bucknell college.

#### Captain McGrath Recovering

Eau Claire, Oct. 18.—A cable message from Captain McGrath was received yesterday, saying that he expects speedily to recover from his wounds. He was struck in the thigh by a Filipino bullet during a recent engagement near Manila.

#### Oshkosh Milk Dealers Combine

Oshkosh, Wis., Oct. 17.—About thirty milk dealers have organized a union and it is understood the price of milk will be raised. Milk has been retailing for 4 and 5 cents a quart, and it is proposed to raise the price to 5 and 6 cents.

#### Leave in a Small Boat

Baraboo, Wis., Oct. 18.—C. H. Cart and family will leave this week for Texas in a small boat. They will go down the Baraboo, Wisconsin and Mississippi rivers to New Orleans.

#### Blew Out the Gas

Marquette, Mich., Oct. 18.—Sofia Finno, a servant girl, was found dead in her room. She blew out the gas and was asphyxiated.

Dr. Lord of Edgerton, greeted local friends yesterday.

# CALLED TO TIME BY YANKEE TAR

## VENEZUELAN AUTHORITIES COWED BY CRUISER DETROIT.

Captain Sent Word to Government Forces That if They Fired on City of Porto Caballo, Guns of the Ship Would Send Shell Into Their Works.

New York, Oct. 18.—[Special]—The officers of the steamship Philadelphia, which arrived here from Venezuela, say that the American cruiser Detroit recently threatened to shell the fort at Porto Caballo that was occupied by the government troops.

The insurgents had taken possession of the town, and the government troops threatened to fire on the city to drive them out.

The Detroit's captain warned the commander of the government troops if he carried out his threat the Detroit would shell his works. The Venezuelans did not fire and trouble was averted.

# CORCORAN IS LOYAL

## Democratic President of the Milwaukee Common Council is an Expansionist Because He is an American.

Milwaukee, Oct. 18.—President Cornelius Corcoran of the Milwaukee common council attracted some attention at the banquet to President McKinley Monday night by reason of the hearty manner in which he applauded the sentiment of the speakers when they spoke in favor of expansion. When asked by a Sentinel reporter yesterday why he, a representative of the democratic party, became so enthusiastic on this subject, Mr. Corcoran said:

"Because I am an American! We cannot withdraw our army from the Philippines. It would be disgraceful for us to do so. I believe in crushing that rebellion. Now, I don't want to express myself on the subject of expansion; I am not a big enough man for that; but I say this, that we must put down that rebellion over there no matter if it takes 200,000 men to do it. It is not so much a question of men and money as it is a question of national honor. What is to be done with those islands after we have conquered a peace is for congress to determine. I should like to see this country expand to the north and take in Canada, and then go south and add Mexico."

# TRADE IS IN OLD LEAF

## Edgerton Dispatches Tell About the Present State of the Tobacco Market.

Edgerton, Wis., Oct. 18.—The principal business in the tobacco section is now confined to old leaf. Some buying of the new crop in the hail stricken districts has been going on at from 3 to 4 cents, but scarcely any riding is now done for the better grades. Phillip Bower has bought about 200 cases of the '98 crop at from 8 to 9 cents. The weather has been favorable to the curing of the late shedded tobacco, which up to Oct. 1, had not been doing well. It was thought that an early frost would catch much of it green; and uncurd tobacco in the sheds.

The shipment out of storage reach nearly 1,800 cases, twenty-two carloads from this station to all points for the week past.

# MRS. LINDSAY WINNER

## Sets a New Record For Long Distance Riding by Women at New York City.

New York, Oct. 18.—[Special]—Mrs. James Lindsey finished her eight century ride this morning, covering the distance in a little over ninety-one hours. This sets a new record for long distance riding by women.

# HADLEY IS IN OFFICE

## Inaugurated as the Thirteenth President of Yale University at New Haven Today.

New Haven, Conn., Oct. 18.—[Special]—Arthur Hadley was this afternoon inaugurated as the thirteenth president of Yale University, succeeding Timothy Dwight, resigned.

#### Severe Snowstorms in Colorado

Leadville, Colo., Oct. 18.—For more than a week a snowstorm of unprecedented severity for this time of the year has been raging in the mountains surrounding Leadville. One band of 1,400 sheep and the herder with them are lost. Other large flocks have reported heavy losses and no word has been received from many others known to be still in the mountain passages.

#### William H. Appleton Dying

New York, Oct. 18.—William H. Appleton, head of the publishing house of D. Appleton & Co., is dying at his country home in Rovedale, N. Y. He is 84 years old.

# CANADIANS WANT JOHN KELLY

## Well Known Janesville Horseman is in Demand These Days.

John Kelly, the well known horseman, who is now in the city the guest of Dr. J. B. Whiting and wife, leaves tomorrow for Montreal, Canada, where he goes to consider an offer to assume charge of a well known Canadian stable of race horses.

The offer is an excellent one and it is not at all unlikely that Mr. Kelly will accept it. During the summer season Mr. Kelly met with marked success in all parts of the east having piloted to victory some of the best of trotters and pacers, chief among them being Charley Herr who won money, with one exception, in all of the twenty-five contests in which he started.

# THREE FIREMEN DIE NEATH BRICK WALLS

## Blaze at Knightown, Indiana, Cost One Hundred Thousand Dollars and a Trio of Lives.

Knightown, Ind., Oct. 18.—[Special]—A fierce fire here this morning destroyed one hundred thousand dollars worth of property, and caused the death of three of the volunteer firemen.

The dead men are: SCUTTER, CHARLES. RHODES, TRUMAN. DAVIS, DON.

The men were all caught by falling walls and crushed to death.

# ANTI IMPERIALISTS ADOPT PLATFORM

## Want Congress Convened at Once to Offer Independence to the Filipinos.

Chicago, Oct. 18.—[Special]—At today's session, the anti-imperialist declaration of principle was adopted, in which the immediate convention of congress is demanded to announce to the Filipinos that "our purpose is to concede to them the independence for which they have so long fought and which by right is theirs."

# SHAMROCK IS READY TO RACE TOMORROW

## The Damage Suffered Yesterday Has Been Repaired—Indications Point to a Successful Contest.

New York, Oct. 18.—[Special]—The damage to the yacht Shamrock has been repaired and both the racers are in perfect condition to engage in the third contest tomorrow morning.

The weather indications for tomorrow are encouraging and a race is predicted. The race will be a fifteen mile sail to the windward or leeward and return.

New York, Oct. 18.—Lipton luck was lost. Tuesday and disaster overtook the Shamrock. Half way over the first leg of the triangular course the topmast of the challenger snapped short off at the mainmast and the upper canvas fell with the stick and wreckage. The green racer, which was leading the Yankee boat when the stick snapped, slowed up and the race was lost.

The Columbia continued on its course alone. It skinned over the three ten-mile legs in a good twelve-knot breeze and finished the entire course at 2:37:17, having gone the distance in three hours and thirty-seven minutes flat.

The Irish sloop was well in the lead when the accident ended its chances for a victory.

At a conference of Sir Thomas Lipton's representatives with members of the New York Yacht club at the clubhouse of the latter it was arranged that the Shamrock should be remeasured today and the third race of the series sailed on Thursday.

# ARRIVE AT CLEVELAND

## Presidential Train Reached the Ohio Metropolis According to Schedule This Morning.

Cleveland, Oct. 18.—[Special]—President McKinley and his party arrived here this morning, on a special train, according to schedule.

#### Illinois Form a League

Chattanooga, Tenn., Oct. 18.—A preliminary meeting of former Illinois residents was held here Tuesday, and a temporary organization of the Chattanooga-Illinois society was effected. The object of the society is to make and carry through all local arrangements for the dedication of Illinois monuments here on Nov. 23, under the direction of the Illinois state park commission.

#### Christian Missionary Memorial Day

Cincinnati, Oct. 18.—The Christian Missionary societies devoted Tuesday to memorials of departed members. Missionaries from foreign lands also made reports on their work. C. L. Loos of Lexington, Ky., was elected president. Pittsburg and Kansas City are rivals for the next convention.

# WORK IS ACTIVE IN PHILIPPINES

## The Pursuit of Aguinaldo is on in Earnest.

### GENERAL LAWTON TAKES THE AGGRESSIVE.

#### Northward Movement Began Last Night, When a Battalion of the Twenty-Second Infantry Captured the Town of Cabiao—Aguinaldo Said to be in Personal Command of Opposing Forces—Gen. Pilar Would Betray His Chief For \$500,000.

Manila, Oct. 18.—[Special]—The pursuit of Aguinaldo is on in earnest.

Gen. Lawton began his northward movement last night, when a battalion of the Twenty-Second infantry, assisted by the Macabee scouts, crossed the Pampaja river, marching in the direction of San Isidoro.

Eight miles from Parpanja river the American advance captured the town of Cabiao.

Aguinaldo is reported to be at Tarlico with a strong force of which he is said to be in personal command.

#### To Surrender Aguinaldo

Manila, Oct. 18.—[Special Cable]—Messages purporting to come from General Pilar, in which he offers to surrender his arms and deliver Aguinaldo into the hands of the Americans for half a million dollars, were received by Otis today.

It is said that Pilar contemplates a dash into Manila for the purpose of kidnapping General Otis. Ed. S. KENZIE.

Manila, Oct. 18.—Gen. Lawton has gone north from Arayat toward San Isidro with about 2,000 men. He will occupy San Isidro and make it a base of supplies for further operations.

The rebels are reported to be strongly entrenched four miles north of MacArthur's front. The rebels are said to have 16,000 men at Tarlac, and there the next big battle will probably be fought.

#### Medical Supplies Will Be Ample

Washington, Oct. 18.—Surgeon General Sternberg says that ample provision has been made by the war department for supplying troops in the Philippines with medical attendants. Gen. Sternberg sent a dispatch to Lieut.-Col. A. A. Woodhull, deputy surgeon general and chief surgeon of the department of the Pacific, informing him that since Aug. 1 six medical officers of the regular establishments and thirty-two contract surgeons had left San Francisco for Manila. Every transport that now reaches Manila has on board medical officers, who will be assigned to duty by Gen. Otis.

The dispatch sent by Gen. Sternberg was in response to a message from Lieut.-Col. Woodhull asking that thirty additional medical officers and thirty additional nurses be sent immediately to the Philippines. Gen. Sternberg states that, so far as he is advised, the increase in the medical force is not desired because of any increase in disease among the troops, but in order to be prepared for any emergencies in the coming campaign.

Latest reports from the Asiatic squadron are that Rear Admiral Watson has recovered from his recent attack of illness, but is not in such good health as he desires.

#### Newspaper Suppressed by Otis

Manila, Oct. 18.—The newspaper Patria has been suppressed and its editor, Senor Utor, a Spaniard, placed under arrest on the charge of printing and publishing seditious documents. For some time the Patria has been hostile to the Americans. Recently pamphlets attacking the Americans and the friendly Filipinos have been circulated, and the police believe that Utor wrote and printed them.

#### Rebels Driven from Porac

Manila, Oct. 18.—Col. Bell's regiment moved from northwest of Bacolor Tuesday and again drove the rebels out of Porac. It is reported that one American was killed and one wounded. The rebels lost about twenty killed and wounded. The Americans captured two bullock carts loaded with ammunition.

#### Freight for Manila

San Francisco, Oct. 18.—The transport Victoria has sailed for Manila with 4,000 tons of freight. She carries no troops.

# FORECAST OF WEATHER

Chicago, Oct. 18.—[Special]—Forecast for Wisconsin: Fair tonight, probably Thursday.

#### Aged Man Killed by the Cars

Evansville, Wis., Oct. 18.—Harry Brown, aged eighty, was instantly killed by a freight train at Brooklyn last night.

## TRUSTS THE THEME OF TWILIGHT CLUB

OPENING SESSION AT HOTEL  
MYERS LAST NIGHT.

Papers Were of Interest and the Meeting Was Profitable as Well as Enjoyable—The Arguments Set Forth—Next Month's Subject Will Be "Socialism," T. O. Howe to Lead.

The opening session of the Twilight Club was held at the Hotel Myers last evening, and "Trusts" was the theme. Sam. M. Smith was the leader. Before the program was taken up, Mr. Smith referred to the fact that Judge John R. Bennett, a member of the club, had been summoned hence, and called on Dr. J. B. Whiting to speak of the dead jurist. Dr. Whiting, although unprepared, paid a handsome tribute to the judge, saying that he was a kind neighbor, a gentleman and a Christian citizen, and wherever he went he enlightened, instructed and entertained.

Mr. Smith voiced the thanks of the club to Dr. Whiting for his feeling remarks, and the program was then taken up.

Stanley B. Smith was the first speaker, his topic being "The History of the Development of Trusts." Mr. Smith wrote in an interesting vein, and showed that trusts existed 3,500 years ago.

"Impressions From the Chicago Conference" was Senator John M. Whitehead's theme. He said he could not tell much about the meeting in a ten-minute talk, but said he had noted, especially, the deep interest shown by all concerned. He also spoke of some of the speeches, and the club gave him a hearty round of applause as he finished.

District Attorney Jackson had prepared a paper on "The Legal Status of the Trust," and in his absence, the paper was read by M. O. Mount. Mr. Jackson had handled the subject, with skill, and his conclusions were of interest.

I. F. Wortendyke handled the question "Are Trusts Beneficial?" and his paper showed that he had given his subject much thought. It was handled from an interesting standpoint, and the paper was listened to with much interest.

J. A. Craig, of the Janesville Machine Company, spoke on the subject of "Trusts and the Independent Manufacturer," and referred to the disadvantages under which the independent manufacturer was placed.

"Ethics of the Trust" was Rev. R. C. Denison's subject and he spoke along interesting lines. Prolonged applause followed his closing and the reverend gentleman was highly complimented.

J. L. Mahoney was the last speaker and he discussed "Remedies, Political and Economic." He spoke in his always bright manner and was enthusiastically applauded.

The topic for the November meeting will be "Socialism" and the leader will be T. O. Howe.

## MARKET REPORTS CORRECT

Gazette Gives the Prices That Are Paid To Farmers.

P. H. Bump, who reports the local markets for The Gazette, has received the following letter:

P. H. Bump, Janesville, Wis. Dear Sir—When quoting prices of produce for publication why in the name of common sense don't you give the prices consumers have to pay, not give misleading quotations. You say butter 18-20, when it is impossible to get it at the groceries less than 22-26; potatoes 40 cents and other things in proportion. Give us the facts. Very truly yours,

C. H. SHARPE,  
106 Holmes street.

Mr. Bump makes no attempt to quote retail prices. The market report is published for the benefit of the farmers of Rock county who desire to sell their produce in this city. Hence, the prices given are the prices that the farmer will be paid by Janesville dealers.

It doubles the joy of the human heart, brightens body and brain. That's what Rocky Mountain Tea will do. 35 cents. Smith's Pharmacy, kodak agents.

## IMPROVING FOURTH AVENUE

Second Ward Thoroughfare Will Soon Be One of the Best

Fourth avenue is now undergoing extensive repairs, which, when completed, will make that thoroughfare one of the most modern in the city. During the past few days the city steam roller has been on hand doing effective work under the supervision of Street Commissioner Fredericks.

Stone gutters are also being erected on both sides of the street. The thoroughfare itself has been covered with crushed stone as far west as Hickory street.

## Causes of Loss of Hair

Dr. Sabouraud, the eminent French Dermatologist, says that 98 per cent of hair losses are the results of microbes and the neglect of dandruff. The antiseptic action of

## SEVEN SUTHERLAND SISTERS'

preparations kills microbes and removes dandruff. Their constant use for a period will, by acting directly on the hair bulbs, furnish nourishment, vitality and growing power to the impoverished roots and hair shafts, resulting in complete restoration.

## GATHER AT FIRST M.E. CHURCH

Rev. W. W. Woodside and Presiding Elder Stevens Heartily Welcomed

A reception in honor of Rev. W. W. Woodside of the First M. E. church, and Rev. W. W. Stevens, the new presiding elder, was given at the church last evening. W. J. Cannon presided and the program opened with a lullaby by the first church male quartette, consisting of Messrs. A. E. Foley, E. E. Van Pool, H. E. Carey and Archie Crawford.

E. O. Kimberley sang "Because," Miss Elva Crawford playing the organ accompaniment.

Miss Daisy Newell recited Sir Edwin Arnold's poem, "A Rajput Nurse."

"Good-bye, Sweet Day" was effectively rendered by Miss Maud Brace and another selection by the male quartette preceded a few remarks by W. J. Cannon, who assured Revs. Stevens and Woodside of the cooperation of the church.

The friends present then shook hands with the guests, introductions being given by the reception committee, consisting of Mr. and Mrs. W. J. Knights and Mr. and Mrs. Cummings. Coffee, wafers and cake were served and there was an hour of social greetings.

## Gainesville News.

Gainesville, Oct. 17—The home of Mrs. Gussie Gardner was made merry Saturday afternoon, when about forty-five of her friends gathered there in the form of a surprise party. Mrs. Gardner was the recipient of two lovely rocking chairs, and the children each received many tokens to remind them of the occasion. Jessie Howe spent a few days last week in Chicago. Mrs. Olla Feen expects to take a trip to Harmony the latter part of this week. Harry Howe has rented the Robert Acheson farm for the coming year. George Andrew spent Sunday at home. The Ladies' Aid society will meet Thursday afternoon at Mrs. Elsie Townsend's. David Acheson went to Janesville Sunday to see his brother, ex-Sheriff Acheson, who has been sick. Mr. and Mrs. Everett Townsend visited at Dell Townsend's, last Sunday. Everett's doctor advises him to take a trip west for the benefit of his health; he expects to go soon. Mr. and Mrs. W. B. Andrew were Janesville visitors Friday of the past week. Cain & Elger received two cars of hard coal last week. Fred Gardner and Lulu Howard were out from Janesville, Sunday. The recent rains were very much needed for fall plowing. The tobacco is curing out in fine shape, some of the early harvested tobacco being ready to strip. Will Horoysett has taken down some of his. Abel Fisher of Janesville, was through here last week buying tobacco. Mrs. George Letts was a Chicago visitor last week.

## REV. MATT. EVANS MAY NOT RESIGN

FORMER JANESVILLE PASTOR  
TELLS OF PLANS.

He Would Like an Independent Church in Milwaukee—May Get a New Assignment—Expects to Make Money From a Trousers Guard For Cyclers.

Rev. Matthew Evans, who surprised the ministers at the Methodist conference in Waukesha by the courage and independence displayed in refusing to accept a slighting appointment, has not left the Methodist church yet. The Milwaukee Wisconsin says there is a possibility that Dr. Evans will receive an appointment befitting a man of his rank, and it is understood that the matter is being considered by the bishop and presiding elders.

Dr. Evans was in Milwaukee yesterday. He heard nothing of the movement to secure a suitable appointment for him, but if proper charge is offered it is probable Dr. Evans will accept it. For the past two Sundays Dr. Evans has had charge of the Presbyterian church at Oshkosh, one of the strongest Presbyterian churches in the state. This was at the invitation of the congregation, as the regular pastor was out of the city.

An independent church in Milwaukee is what Dr. Evans would like to have, and he said that if he was possessed of sufficient means he would have undertaken the organization of such a church when he first became aware of the animosity existing towards him upon the part of one of the presiding elders a year or two ago. There are 25,000 souls in Milwaukee, Dr. Evans said, that are crying for the gospel. They are not of the class that would go to the Rescue mission or the Salvation Army, and the churches seem to be unable to reach them.

Dr. Evans is an inventor. He has a patent bicycle trousers holder which he believes will yield him large returns, and everyone who has inspected the article does not hesitate to pass upon it favorably. This guard is made in colors so that worn it is scarcely distinguishable from the trousers. It consists of a cloth roll about eight inches in length. Two steel springs are sewed in between the lining, so that when wrapped about the legs the springs hold the guard securely in place. They are worn like garters when not in use, slipping under the trousers, close to the ankle, without effort on the part of the wearer.

Application for a patent has been made and until the patent is secured Dr. Evans will take no action toward placing the guard on the market. Until he has decided upon his plans for the future, Dr. Evans will remain in Oshkosh, where his family resides.

## A Splendid Attraction.

Backman's Glass Blowers opened their grand exhibition last evening at 18 South Main street. The room was crowded with enthusiastic visitors; many ladies and children being present.

This certainly is the best and most instructive exhibition ever seen in Janesville. Six artists are employed in the manufacture of beautiful ornaments, out of common rods and tubes of glass, which are given to the visitors.

The glass steam engine, glass spinning and weaving, and the glass dressers are among the features. A present is given to each visitor, and the admission is but ten cents. Doors open afternoons from 2 until 5, and evenings from 7 to 9:30.

## SPEECHES IN FOUR STATES.

Local Committees Keep President McKinley Very Busy.

## FROM MILWAUKEE TO TOLEDO.

Chief Executive Greeted by Crowds in Illinois, Indiana, Michigan and Ohio—Philippine Question Is Still His Chief Subject.

Toledo, Ohio, Oct. 18.—President McKinley's special train reached Toledo at midnight. The day's ride from Milwaukee was a busy one, being marked by continuous crowds, cheers and speeches. Beginning the day at the Soldiers' home at Milwaukee, the president spoke at nearly every city through which he passed until the lateness of the hour brought an end to the enthusiastic audiences. After entering Michigan the first stop was made at Three Oaks, where elaborate preparations had been made to welcome the chief executive.

Michigan City was the first stop after leaving Chicago. A great crowd was at the station, and the president made a short speech from the rear platform. At Buchanan and Niles thousands waited to greet him.

The president arrived at Three Oaks at 6:15 o'clock and visited the site of the Dewey cannon, on the summit of which President McKinley made a brief speech. He made no speech at Kalamazoo. At Battle Creek the president spoke briefly to a large audience from a stand facing the square behind the railway station. Jackson was reached at 10:45 o'clock, and the president spoke for fifteen minutes.

The president and his cabinet members, escorted by the Milwaukee Light Horse squadron, visited the Soldiers' home at Milwaukee Tuesday morning. The president made a brief speech to the veterans and was then taken to his train. It was past noon when the train reached Onondaga, the first stop. At Racine, Kenosha, Lake Forest and Waukegan great crowds awaited the train and listened to the brief speeches.

At Highland Park the cadets of the Northwestern Military academy were drawn up in dress parade on the lawn, and presented arms as the president's car came in front of them. Evanston, gay with flags, was the last stop before reaching Chicago. At Evanston the president spoke briefly. In all his talks the chief executive impressed upon his audience the determination of the administration to subdue the rebellion in the Philippines and maintain American sovereignty there.

At Racine he said: "All hostilities will cease in the Philippines when those who commenced them will stop; and they will not cease until our flag, representing liberty, humanity and civilization, shall float triumphantly in every island of the archipelago under the undisputed and acknowledged sovereignty of the republic of the United States."

## GREAT VICTORY ON ALASKA.

Details Regarding Modus Vivendi Show Triumph for the United States.

Washington, Oct. 18.—Important details regarding the modus vivendi on the Alaskan boundary dispute have leaked out at the state department. Statements heretofore made that it gives the United States a decided victory are fully borne out. The information is added that the agreement will be in effect this week. Secretary Hay having returned to push the work to completion.

Of chief importance is the regulation of the boundary line on the west side of the Lynn canal. The line of demarcation will run along the Klehna river, and from a point near Klockwan cross to a mountain peak on the southwest. The effect will be to give the United States control of the tide waters, the British being fifteen miles above; to maintain American control in the new and important Porcupine country, and to save the rights of all American miners who are now on the Canadian side of the line.

It is understood that the modus will live at the pleasure of both parties to it. There will be no date fixed for its expiration.

## To Terminate the Treaty.

Washington, Oct. 18.—The state department has regretfully come to the conclusion that the existing treaty between the United States and Switzerland must be terminated, and steps in that direction will soon be taken. The necessity for this course arises from the action of certain of the state governments enforcing local laws which in their operation prevent Swiss insurance companies from doing business in those states, thus violating the treaty.

## Ten Miners Badly Burned.

Pottsville, Pa., Oct. 18.—Ten miners were horribly burned by the explosion of gas in the inside workings of the Shenandoah city colliery Tuesday, and fifty others were entombed for several hours behind tons of rock and coal, which fell into the mine when the explosion occurred. Three were so badly injured they will die.

## Big Prize Fight Postponed.

New York, Oct. 18.—The great championship battle between Jim Jeffries and Tom Sharkey will take place Nov. 3 instead of Oct. 27, as formerly agreed upon. This action was rendered necessary by the injury to Jeffries' left arm.

## Miners Order a Big Strike.

Spring Valley, Ill., Oct. 18.—At a mass-meeting attended by 2,000 miners of Spring Valley Tuesday afternoon a strike of all the miners of the Spring Valley Coal company was ordered.

## ANTI-IMPERIALISTS MEET.

Thirteen States Represented at the Chicago Meeting.

Chicago, Oct. 18.—Anti-imperialists of the country yesterday marshaled their forces at Central Music hall preparatory to a more aggressive campaign against the policy of continuing the war in the Philippines. Today plans will be outlined for the organization of anti-imperialist leagues throughout the country, all these bodies to prepare to mass voters to strike at the coming election. Resolutions also will be passed calling for the intervention of congress in the eastern struggle.

Three score delegates from thirteen states and the District of Columbia represented the conference's army in Apollo hall at the day sessions. Edward Atkinson of Boston, author of the anti-expansion pamphlets which were prohibited from the mails, characterized the policy of imperialism as the "policy of rum, rot and reckless lives," and was roundly cheered. Capt. Patrick O'Farrell of Washington called Aguinaldo "the modern George Washington," and the title was received with applause.

Last night at Central Music hall 1,500 persons practically all in sympathy with the hostility to the administration's policy, heard Carl Schurz of New York argue self-government for the Philippines. The general condemnation of the campaign in the Philippine archipelago did not touch Admiral Dewey, references to his victory in Manila bay bringing prompt approval from the anti-imperialists.

"The American people," said Mr. Schurz, "should stamp the administration's proceedings with a verdict of disapproval so clear and emphatic that this will be a solemn warning to future presidents instead of a seductive precedent. Let there be at once an armistice between our forces and the Philippines. Let the Philippine islanders at the same time be told that the American people will be glad to see them establish an independent government and to aid them in that task as far as necessary and protect them from foreign interference."

The resolutions which will be acted on today were drafted by ex-Senator Edmunds of Vermont, and will bear the form of a petition to congress. The petition will demand that war be checked at once. Formal request for the appointment of a commission to assure the Filipinos the co-operation of the United States in establishing a native government will be omitted.

The advisability of sending Congressman J. J. Lentz of Ohio to the Philippines that he may report on the exact condition of affairs as the emissary of the leagues is under consideration.

## Presbyterians Meet in Joliet.

Joliet, Ill., Oct. 18.—The annual meeting of the Presbyterian synod of Illinois is being held in this city. The opening sermon was delivered last night by the retiring moderator, the Rev. David Clark of Chicago. The seventeenth annual gathering of the Woman's Missionary society and the nineteenth annual meeting of the Woman's Synodical Foreign Missionary society are being held in connection with the regular Presbyterian synod, and a large number of delegates are present. The Rev. J. W. Ross of Kirkwood was elected moderator of the Presbyterian synod for the ensuing year.

## Ousts Woman Officeholder.

Lansing, Mich., Oct. 18.—The supreme court Tuesday entered a judgment of ouster against Mrs. Merrie H. Abbott, prosecuting attorney of Ogemaw county, thus holding that a woman is ineligible to hold elective office in Michigan unless the statutes or constitution expressly stipulate that she may do so.

The decision is an indorsement of Judge Cooley's proposition that when the law is silent respecting qualifications to office it must be understood that electors are eligible, but no others.

## Quarantine Case Postponed.

Washington, Oct. 18.—In the United States Supreme court today an agreement was reached between the counsel on both sides for the postponement of the hearing in the controversy between the states of Louisiana and Texas over the yellow fever quarantine until next Monday. The postponement was reached for the purpose of allowing a full bench to be present.

## Pure Food Commission.

Springfield, Ill., Oct. 18.—Gov. Tanner has appointed A. H. Jones of Robinson as pure food commissioner, to succeed T. S. Chapman, resigned.

## Not Worried Over Samoa.

London, Oct. 18.—The rumor that Germany is likely to take advantage of Great Britain's troubles in the Transvaal to steal a march in Samoa is not regarded seriously here. The main reason cited against the probability of such a move is the fact that, while Great Britain has a lot of land fighting to do, its navy is entirely free at present. It is also considered likely that the kaiser desires an immediate settlement of affairs in Samoa.

## Dreyfus to Seek Seclusion.

Paris, Oct. 18.—Dreyfus has had it announced that he does not want any agitation to be stirred up in his name, as he is unwilling to serve as an excuse for political parties to create trouble. He says he desires to retire to Egypt and be forgotten, and then enter some industrial enterprise as an engineer. He proposes to devote half his time to his profession and the rest to the education of his children.

Springfield, Ill., Oct. 18.—The condition of Gen. John A. McClelland is apparently unchanged. A slight reduction in temperature is observed.

## Weary and Worn

Work and drudge!  
Health disregarded!  
Haven't time to be sick. Tired and ailing but can't stop work.

Stop long enough to remember that all there is in life is forfeited when health goes. Pay attention to early symptoms and write to Mrs. Pinkham, at Lynn, Mass., for advice.

Mrs. Evelyn Wood, 518 Fulton Street, Peoria, Ill., writes:

"I wish to say to my suffering sisters that if they want to be free from those dreadful diseases with which women are so apt to be afflicted, take Mrs. Pinkham's Vegetable Compound. I suffered for four years. My troubles were leucorrhœa and irregular menstruation. The menses appeared too often, and lasted too long. I became very poor, looked badly, had no appetite. I felt as though death would be a relief. My friends advised me to take more out-of-door exercise, but hardly realized that I was too weak to go out. I resolved to try Mrs. Pinkham's medicines, and after taking several bottles of Compound, also used the Liver Pills and Sanative Wash. I can truly say I am enjoying a new life. Menses have become regular, and last the proper length of time. I feel better than I have for ten years. I praise your medicine to all my friends. If any one would like to write to me in regard to your Vegetable Compound, and what it has done for me, I will gladly answer their letter."

Mrs. S. Barnhart, New Castle, Pa., writes:

"DEAR MRS. PINKHAM: I intended to have written to you before, but since my recovery I have been very busy. I had been sick ever since my marriage, seven years ago; have given birth to seven children, and had two miscarriages. I had falling of womb, leucorrhœa, pains in back and legs; dyspepsia and a nervous trembling of the stomach. Now I have none of these troubles and can enjoy my life. Lydia E. Pinkham's Vegetable Compound has worked wonders for me."

Lydia E. Pinkham's Vegetable Compound will surely aid suffering women and the sympathetic advice of Mrs. Pinkham is always promptly forthcoming on request.

## Mrs. Bradish's Happy Letter.

"DEAR MRS. PINKHAM—About two years ago I began to run down and soon became almost a wreck. I lost my appetite and began to lose flesh; my blood was impoverished and I had to leave our store. The doctor gave me a little tonic, but I steadily grew worse and consulted another doctor. He helped me in some ways, but my headaches continued, and I began to have night sweats and my rest was so disturbed that I would have hysteria and would cry and worry over business matters and my poor health. Finally, husband took me South, but with no benefit. This was a year ago; no one can ever know what a winter of misery I spent. Would bloat after eating and was troubled with palpitation of heart and whites. Having read by happy chance of your medicine, I bought it and wrote for your advice, and before having finished the first bottle of Lydia E. Pinkham's Vegetable Compound, the hysterics nearly stopped and I slept soundly. I used seven or eight bottles with such benefit that I am as healthy as I can ever remember of being. I shall never cease to sound your praises."—Mrs. E. M. Bradish, 179 Dix Av., Detroit, Mich.

## THIS DAY IN HISTORY.

1595—Edward Winslow, famous governor of Plymouth colony, was born near Worcester, England; died at sea 1655.  
1663—Francis of Savoy, better known as Prince Eugene, Imperial general and colleague of Marlborough, was born at Paris.  
1744—Sarah Jennings (Churchill), long famous as the Duchess of Marlborough, died.  
1748—The peace of Aix la Chapelle ended the war of the Austrian succession.  
1757—Rene Antoine de Reaumur, practical philosopher and inventor of a thermometer, died; born Feb. 28, 1682. Professor Reaumur inherited a fortune and devoted his talents to the study of physics, natural history and the industrial arts. His thermometer was invented in 1721.  
1821—Helen Maria Fiske (Hunt-Jackson), American author known as Helen Hunt and chiefly by the pen name H. H., born at Amherst, Mass.; died 1885.  
1852—Lord Palmerston, British premier, died.  
1857—Alaska became a territory in the United States.  
1898—Military occupation of Porto Rico completed by the raising of the United States flag over the public buildings at San Juan.

## HE THINKS ONLY WHEN HE TALKS.

Chicago Inter-Ocean: President McKinley told the people of Minneapolis that he expected congress to provide a government for the Philippines. On Sunday William J. Bryan declared that such action by congress would be a repudiation of the Declaration of Independence. This is the first time, proclaims Mr. Bryan, that an American president has "repudiated the people as the source of government."

It requires some self-restraint to withhold from Mr. Bryan the one epithet that he invites by his puerile babblings. The treaty of peace which has been ratified by the United States and Spain annexed the Philippines to the United States. The president could not, if he would, annul that treaty. In his Minneapolis speech he simply accepted the fact of annexation, and expressed his confident belief that congress would treat the Filipinos fairly.

The treaty of peace provides explicitly that the status of the inhabitants of the Philippines shall be fixed by congress. On this statement of incontrovertible facts, Mr. Bryan's objection to the president's remark is worse than childish, and is unworthy of any man pretending to even high school intelligence in public affairs.

The president's speech announcing that the Philippines would be treated as American territory may mark an epoch in history, but it is an epoch with numerous precedents. So numerous are they, in fact, that the power of congress to legislate for annexed territory has been beyond question for half a century. President Jefferson, when Louisiana was annexed without the "consent of the governed," took immediate possession. "Without the consent of the governed," he appointed not only a military governor, but a legislature of thirteen members to look after the affairs of the territory.

The treaty annexing Florida was signed Feb. 22, 1819. It was not ratified by Spain until 1821. In the meantime, however, President Monroe took possession "without consent of the governed"—yes, even in the face of their violent protest—appointed a military governor, and empowered a legislature to administer affairs until congress otherwise provided.

When California and New Mexico were seized by our army and navy, President Polk, without waiting for any treaty or "the consent of the governed," appointed a governor, and maintained a military government for two years after the treaty of annexation was signed. Then congress took action. In the case of Texas, congress waited for no treaty, but passed a resolution of annexation simply because the American people demanded it, without regard to "the consent of the governed."

Mr. Bryan, if he will read a little United States history, will learn that Mr. Van Buren, the democratic leader of his day, pronounced emphatically against the annexation of Texas, and was defeated in the convention of 1844, by Polk; that Henry Clay, leader of the whig party, and presidential candidate, pronounced against annexation, and was defeated; and that, in short, no presidential candidate, who opposed annexation was ever elected. These three purely political facts of history may find lodgment in Mr. Bryan's mind.

We doubt, however, that the great national facts will find room in it, for the simple reason that Mr. Bryan's mind lacks space to accommodate them.

Schley is ready to accept a home as he was to accept the glory of a victory won on Sampson's plans, by Sampson's ships, and by the men that Sampson has drilled and instructed. Admiral Schley is a capable sailor, and a brave man, but—

News dispatches announce that the new policy in the subjugation of the insurgents contemplates the permanent occupation of every position taken by the American forces. The coast towns

will first be captured by the aid of the increased fleet and the ports blockaded so that the insurgents cannot be aided from outside sources. It is expected by these operations gradually to drive the Filipino army into the interior and thus force them to surrender or become mere bandits.

## HOWE BROTHERS MAY BUY BREWERY

CARLOS BROWN BLOCK ALSO INVOLVED.

Deal About Closed in the Manufacturing Section That is Important—Requires Considerable Cash—All Depends On Outside, Interested Parties Who are to Sign Papers.

Fred H. Howe and Thomas O. Howe, proprietors of the Rock River Cotton Company, are now negotiating for the purchase of much valuable property in the block bounded by Franklin, River, West Bluff and Wall streets.

When the deal is closed it will mean the purchase of the William Hemming & Son brewery as well as the Hemming property extending from Franklin east to River street.

The Carlos Brown building, a three story brick block on North Franklin street adjoining the L. B. Carle tobacco warehouse on the south is also included in the proposed purchase and several thousand dollars is involved.

During the past two weeks negotiations for the purchase of the property have been quietly going on between the interested parties.

When certain papers that are now in Chicago and Milwaukee are signed, the transaction will be complete in every detail.

The purchase of this property will give Howe Bros. control of all land in the block where their bat factory is now located, with the exception of the corner of West Bluff, River and Franklin streets, which property is owned by L. B. Carle, as well as the corner of Wall and Franklin streets, which is the property of the Addy estate.

The Hemming brewery will be leased by William Hemming, if the deal is closed. The Carlos Brown block is now leased by L. B. Carle as a storage for leaf tobacco. T. O. Howe said this morning:

"It is true that we are negotiating for the purchase of this property but as yet the deal has not been closed. Papers are yet to be signed by interested parties residing in Chicago and Milwaukee. For this reason we have tried to keep the matter quiet. I think we will have no trouble in closing the purchase to the satisfaction of all interested parties. We expect to have the papers signed this week."

## STOOD 'NEATH CUPID'S ARCH.

Carle-Crall

Miss Vinnie May Crall and Benjamin Franklin Carle were married last evening at the home of the bride's mother, Mrs. Christiana Crall, 57 North Jackson street, Rev. Walter A. Hall of Court street church, officiating. Mrs. W. J. Skelly, cousin of the bride, was at the piano, and as Mendelssohn's wedding march was played, the happy couple entered the room. Mrs. F. W. Christman of Oshkosh, sister of the bride, was the matron of honor, and preceded the bride to the wedding arch, composed of autumn leaves and trailing vines, under which the bride and groom stood when the magic words were spoken.

After the ceremony a tempting wedding feast was served, Mrs. Louise Bowerman being the caterer. The waiters were schoolmates of the bride, they being Misses Mae Atwood, Genevieve Wilson, Lillian Decker, Bessie Gorham, Elizabeth Johnson, Nellie Hubbard and Imogene McDonald.

Mr. and Mrs. Carle left on the 9:25 train last evening for St. Paul, Minneapolis and Duluth. On their return they will make their home with the bride's mother.

Both bride and groom are well known in Janesville, and upon neither need any fulsome laudation be bestowed. The bride is the youngest daughter of Mrs. Crall. She graduated from the Janesville High school in the class of 1899. The groom is a graduate of Wayland Academy, class of '93 and is employed as a railway postal clerk by the government.

Among the guests from out of the city were Mr. and Mrs. Henry Sweet, Beloit; Mr. and Mrs. H. A. Christman, and Mr. and Mrs. Harro Christman, Shopshire; Mr. and Mrs. J. F. Carle, Albany, Wis.; Mr. and Mrs. Frank Alverson, Barrington, Ill.; Mrs. F. W. Christman, Oshkosh; Mrs. W. C. Christman, Clinton; Miss Lillian Haumerson, Fort Atkinson; Miss Gertrude Carle, Rockfeller, Ill.; Maurice J. Crall, Oshkosh; George F. Carle, Rockfeller, Ill.; and Walter L. Carle, Albany.

Conley-Doyle.

At Mazomanie today was performed the ceremony that united as husband and wife Miss Margaret C. Doyle and Joseph Conley.

The bride has made Janesville her home for many years, moving to Mazomanie but recently. She is a young lady who is held in the highest esteem, and while a resident of Janesville made numerous friends, by her charming disposition. She was a member of St. Mary's church.

The happy groom is a Janesville boy, residing at 351 South High street. He is employed as brakeman on the Chicago & Northwestern railroad, and is a young man of whom nothing but good can be said. Mr. and Mrs. Conley will go to housekeeping in this city, where they will carry with them the good wishes of a host of friends.

Card of Thanks.

To all the friends who so kindly assisted in our late bereavement we wish to extend our heartfelt thanks; particularly we desire to thank the Masonic order for their kind assistance.

Mrs. John Schorken and family.

## O'DONNELL CHARGED WITH BURGLARY

WHITEWATER OFFICERS CAUSE HIS ARREST.

Allege That the Janesville Man Stole a Gold Watch in Their City—Timepiece Secured of Local Parties Who Say They Purchased It of the Accused.

William O'Donnell, of this city, is now occupying a cell in the Elkhorn jail on the charge of burglary.

Whitewater officers were in the city this week and in company with Chief Hogan placed their man.

When located under arrest O'Donnell did not seem surprised and it was not long before he admitted being implicated.

According to the Whitewater officers several petty robberies have taken place in this quiet little city of late. The crimes have been in the nature of burglaries committed in the residence portion of the town. At the home of Mrs. Fred Snyder the thieves were rewarded by the securing of a valuable gold watch that was the property of Mrs. Snyder.

O'Donnell has been absent from Janesville of late and on his return the police suspected that he knew something about the trouble in Whitewater.

This week he disposed of a lady's gold watch to a local resident and it was this move that cost him his liberty. The timepiece has been identified as being the property of Mrs. Snyder. The Whitewater police say they have witnesses who will swear that they met O'Donnell in Whitewater at the time the robberies took place.

At Whitewater yesterday O'Donnell was given a preliminary hearing on the charge of being implicated in the robberies which were committed last July. In default of bail he was remanded to the Elkhorn jail to await trial at the coming circuit court term of Walworth county.

G. N. AIKEN WRITES ABOUT PHILIPPINES

RETURN AFTER SERVING TWO YEARS.

Son of Mr. and Mrs. M. J. Aiken, 53

Ruger Avenue—Says That Uncle Sam Has Done the Fair Thing—His War Life Was Not All One of Pleasure.

George N. Aiken, son of Mr. and Mrs. M. J. Aiken, 53 Ruger avenue, has arrived in San Francisco, after a two years' service in the United States army stationed in the Philippine Islands. Two years ago Mr. Aiken enlisted in the First Wyoming, and left for the Philippines to fight the Spaniards.

After landing in the city of Manila, his regiment was soon assigned to duty in the outskirts of the city, where they had several warm encounters with the enemy. From Manila the First Wyoming was assigned to duty near Cavite, which city they captured after several battles.

In speaking of the treatment accorded him by the government Mr. Aiken writes that he has no grievances to air and that he and all his regiment were well cared for under the circumstances. Their headquarters about Manila were kept in good order and the meals were plentiful and well cooked.

When the Spanish-American war was at an end Mr. Aiken and every member of his regiment re-enlisted and were at once assigned for duty against the Filipinos.

Life in the trenches, he describes as being hard, tiresome and at all times dangerous.

Two months ago his regiment sailed home from Manila on the transport Grant. The quarters and food aboard the boat were excellent and the entire trip across the Pacific was made without accident.

Several of the Wyoming boys remained for duty rather than return to America.

Dovey to Visit Atlanta.

Washington, Oct. 18.—A committee representing the citizens of Atlanta, accompanied by Representative Livingston of Georgia, called upon Admiral Dewey today to arrange the details of his trip to Atlanta. It was decided that, in company with Lieut. Brumby, who is to be presented with a sword by the city of Atlanta, and a citizens' committee, the admiral will leave Washington next Monday night, arriving at Atlanta Tuesday evening. He will review the military display in Atlanta, take part in the presentation of the sword and attend the dinner to be given by the Capital club.

Jury's Failure to Agree.

Maryville, Mo., Oct. 18.—Tuesday afternoon the jury in the case of C. G. Jesse, charged with the murder of Frank Griffin, editor of the Maryville Daily Review, was dismissed after trying for ninety-two hours to reach a verdict. The jury took nine ballots, and in most of them stood four for a verdict of murder in the first degree and eight for a verdict of manslaughter.

Judge Craig decided upon Monday, Nov. 30, as the date for the second trial.

## COMMERCIAL MEN WILL GIVE SHOW

MINSTREL ENTERTAINMENT AT MYERS GRAND.

Booked to be Held During the Holiday Season—Promises to be a Record Breaker—Plenty of Good Talent—Ohio Firm Will Furnish the Costumes.

Local minstrel talent will again be in evidence in Janesville and the coming show is booked to be given during holiday time at the Myers Grand.

Members of the United Commercial Travelers' Association, Janesville Council No. 107, are to act as the black faced artists. According to the program as mapped out the coming event will surpass anything ever before attempted in the minstrel line in the Power City.

During the past few weeks members of the local order have been quietly at work and now that all plans have been completed the matter is no longer a secret. Negotiations are now pending with a Columbus, Ohio, firm, to furnish the costumes, stage effects and all necessary scenery. It is also the intention to have this Columbus firm, which is known as the Minstrel Syndicate, send men here to stage the performance and to drill the members. Frequent rehearsals will be held, and the coming event promises to be a success in every way.

No organization in the city has better minstrel talent to select from than the United Commercial Travelers' association, and the theater-going public will await the coming performance with much interest.

## FINISH CHAPEL NEXT MONTH

Oak Hill Cemetery Edifice Being Hurried Along These Days

Cemetery directors say that the new chapel now under construction at Oak Hill will be completed and ready for occupancy next month. The interior is now being put in readiness for the plasterers.

Milo Curtis, who has the grading contract, now has teams and a gang of men at work filling in about the chapel.

The structure is two stories high with a roof of slate. Its construction is of stone and on both sides and front it will be beautified by stained glass windows. One of these windows is the gift of Mrs. A. P. Bennett of this city.

The directors would be pleased to have other public spirited persons donate toward the purchase of memorial windows.

An Epitaph by Wire.

When the out-of-town correspondent cuts loose he does it with artistic grace and profuseness. If he can put it in a telegram at day telegraph rates he enjoys it all the more. Here is an example received at this office a day or two since from a rural village. The correspondent gave the news item in a line or two, and then ran in his personal comments. Here they are:

"Jim Blank, the genial and whole-souled fellow that he was in life, is no more. Everybody loved him, and his untimely death at the hands of a cowardly assassin has cast a gloom over the whole county. Two weeks ago the angel of death visited his home and removed a loving wife and mother, leaving two small children, to them a double affliction." 'Tis sad.

As the business manager hastily and somewhat warmly remarked:

"Epitaphs are all right in their way—but not at day rates."

## CRESCO.

One of the most widely advertised corsets of the present day is the "Cresco." Fashion journals and ladies magazines have been discussing its peculiar merits.

Women have heard about the "Cresco" Corset, the only corset made that can not break at the waist line. It will be pleasing news to our patrons when we tell them that we have secured the sole agency for this section of the famous "Cresco" corset.

INFANTS' LONG CLOAKS

## WEDDING FASHIONS.

THE GOWNS, VEILS AND JEWELS OF THE OCTOBER BRIDES.

Open Throated Bodices, Elbow Sleeves and Extensive Trains—Lace or Fine Figured Net the Favorite Veil—A Strong Feeling For Jewels.

The autumn crop of brides elect has already begun to get its fine plumage in order, and for an early fall wedding the most chic and lovely wedding dress is compiled wholly of white silk muslin, woven or brodered over with tiny dots or minute lily of the valley blossoms.

It is noticeable that the costumes designed for this important function,

CREPE DE CHINE WITH CHIFFON FRILLS. Whether imported or made by domestic talent, are all extensive as to train and in a number of cases show elbow sleeves and rather open throated bodices.

Brocaded satin, once typical of wedding splendor, is entirely superseded by plain duchess satin and by ivory white crepe de chine, and now, as ever, lace seems the most important garniture. The prettiest and most popular modern lace is Louis Quinze, which is more stable than blond, but possesses much of its fairylike fragility of charm.

It is an interesting and commendable feature in bridal fashions that the strict mode of the hour can be quite dispensed with in the designing of a marriage dress, and the object of every bride and her dressmaker is to work out some scheme of cut and drapery that will be highly becoming, no matter what the prevailing regulations may be. For this reason, save in a large general way, it is futile to lay down a cut and dried rule for a wedding costume. It may be a scant skirted, short waisted relapse into the mode of 1812, a flat throated, pouched body with bolero jackets of lace or an eel skirt and high cut body with choker collar. Nobody will ever rise up to say that the dress is not fashionable, provided it becomes its wearer, for that is the first and last duty of a wedding gown.

An imported marriage robe is one delicate froth to the knees of small silk muslin flounces, and the remainder of the costume is in very heavy white crepe de chine embroidered in clusters of small lilies.

There is coming in a strong feeling against leaving the white gown and misty veil to serve in the great ceremony without the aid of jewels, and unless all signs fail there is good reason to believe that the bridal jewels at the forthcoming marriages will be one of the most interesting features of the tableau. Curiously enough, however, the jewels are being used at the expense of the traditional orange blossoms that have drifted almost out of sight. These, when worn at all, appear in a tiny breast knot or inconspicuous tuft on the shoulder.

The brides of the day wear lace veils if they are procurable, and, lacking these, lovely veils of the finest silk brussels net, with large lace figures and wreaths set into the mesh and forming the border, are preferred.

DUCHESSE SATIN AND LACE. They are one and all draped off the face and fall from a coronet shaped decoration in the hair straight out to the tip of the extensive train. A Parisian bride recently was married in a tulle veil into which fleure-de-lis with silver threads were woven, and it will not be a surprise to see these silvery veils next winter in New York, where every good fashion gets a trial on its merits, says the New York Sun, from which these items and illustrations of bridal modes are gleaned.

All black hats of the picture order are being much worn by tall and graceful women, and one is of fine black chip, with no less than seven long ostrich feathers, all springing from one gold buckle and losing themselves in ordered confusion over brim and crown.

## JAPANESE BUYING GOODS HERE

Are Building Up Home Industries by the Aid of Chicago Machinery.

Chicago is building up a by no means insignificant trade with Japan. The "Yankees of the Orient" are quick to discern whatever is of utility to them in the mechanic arts, and as a consequence they are supplying themselves with machinery for the development of their industries direct from the factories on the shores of Lake Michigan. In the history of the entire world no other nation has experienced such a remarkable growth in its commerce with Japan as has the United States. Japanese official figures give the importations from the United States in 1893 at 6,090,408 yen and in 1898 at 40,001,097 yen. Meantime her importations from England increased from 27,929,628 yen to 62,707,572 yen; those from Germany from 7,818,134 yen to 25,610,961 yen; those from France from 3,305,277 yen to 6,979,982 yen, and those from China from 17,095,975 yen to 30,523,860 yen, while the only part of the world which has experienced an increase at all to be compared with that of the United States is the British East Indies, whose increase has been from 8,679,029 in 1893 to 40,764,244 yen in 1898. Japan's importations have grown enormously in the last five years. In 1893 they amounted to 38,257,172 yen and in 1898 to 277,502,166 yen. Meantime her exports have grown from 39,712,864 yen in 1893 to 165,753,752 yen in 1898. Thus the exports have doubled and the imports have trebled in the period under consideration. The disposition of Japan is to look to the United States for a constantly increasing proportion of its supplies. In 1893 the United States furnished less than 7 per cent of the imports into Japan and in 1898 14.4 per cent, while England, the principal competitor in the markets of the east, which in 1893 furnished 32 per cent of Japan's importations, in 1898 furnished 22.6 per cent. Not only have the producers and exporters of the United States developed in the last few years a disposition to push their sales in that country, but Japan herself is showing a disposition to make her purchases from the nearest markets—those of the United States—and has recently established steamship lines connecting with United States ports. Japan by reason of recent events is the nearest neighbor to the United States, aside from those whose territory is actually contiguous—Canada and Mexico. Her comparatively recent exchange of mainland territory to Russia for the line of islands stretching northwardly from her central group brings her territory to within about 600 miles of that of the United States in the Aleutian chain of islands, while at the south her newly acquired island of Formosa lies within less than 200 miles of the Philippines. Thus not only are the United States and Japan neighbors territorially, but their insular possessions combined stretch along the entire Pacific coast of Asia from arctic to equatorial waters.—Chicago Chronicle.

**Reminiscent.**  
"I reckon the most excitin' race I ever see," observed the man with the faded hair, after an interval of silence, "was between two Mississippi river steamboats. The engineers crammed the furnaces with bacon and everything else in the cargoes that would make a hot fire. The Prairie Rose was the name of one boat and the Minnesota Belle was the other, but everybody knewed it was a race between the engineers, for the reason that they'd had a fight in St. Louis once. I was on the Rose, and we was chinnin' the passengers on the Belle. It wasn't more'n forty feet away, and the boat that got around the Big Bend first, we knowed would win the race."  
"Which got there first?" asked one of the listeners, tired of the oratory.  
Well, the engineer of the Minnesota Belle got there first," replied the man with the faded hair. "Or parts of him did. His boiler exploded."

## MORE ENGLISH IRON.

Timely Discovery at Kent in the Dover Coalfield.

When the coal boring was put down at Dover about six or eight years ago, by Mr. F. Brady, on the site of the old Channel tunnel works, there were indications in the cores of the presence of iron ore in the strata between 500 and 600 feet from the surface. The indications have now proved correct, says the London Chronicle. In the course of sinking the No. 2 shaft a bed of valuable oolitic iron ore has just been struck at a depth of rather less than 600 feet. The seam proves to be no less than twelve feet thick and probably extends over a great area, the quantity being practically unlimited. The diameter of the shaft is twenty feet and the quantity brought to the surface in passing through the twelve feet amounted to about 350 tons. Samples of the ore have been submitted to analysis, with highly satisfactory results, a washed sample of the ore yielding 45.8 per cent of iron. On visiting the colliery works today I inspected a considerable bulk of the ore and the manager informed me that a washed sample tested at the works yielded between 50 and 60 per cent of iron. The analysis shows that the ore is free from sulphur and phosphorus. The ore is stated to be of much richer quality than the Wealden ironstone, worked in Kent and Sussex a century ago. Prof. Boyd Dawkins, in a paper read before the British association in 1894, described a sample obtained from the original boring. From this it appears that this bed of iron ore is identical with that described by Blake and Hudleston at Abbotsbury, in Dorset, where it occurs between the Kimmeridge clay above and the Corallian rocks below. It is also practically identical with the valuable iron ore worked for many years in Westbury, Wiltshire. The ironstone presents very singular physical characteristics: It is composed of dark brown, shining grains of hydrated oxide of iron, like millet seed, imbedded in a crystalline base, partly of calcium and partly of iron carbonate.

**Flowers Six Thousand Years Old.**  
Well-preserved flowers discovered at Dahsourh, in Egypt, in tombs of the times of the Pharaohs, have just been placed in the Cairo museum. The commonest of these were the white or blue lotus, the red poppy, the leaves and flowers of the pomegranate, of the saffron and of the crocus. It seems that the flowers and plants of today are the same as flourished then, and that chrysanthemums were known 6,000 years ago. Some of these flowers found in the tombs, when soaked in water, seemed to revive.

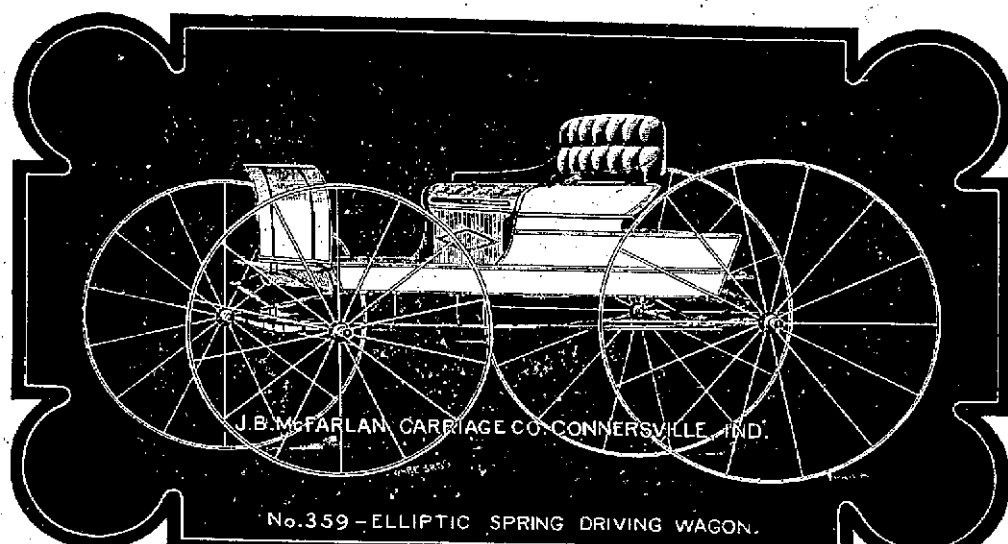

**Youthful Dagger Wielders.**  
The art of self-defense is inculcated early among some of the wilder tribes of the Caucasus, who instruct their children, as soon as they can walk, in the use of the dagger. First, the little ones are taught to stab water without making a splash, and, in the course of time, incessant practice gives them an extraordinary command over the weapon.

Woman's  
Crowning Virtue.

BELTON, Mo., July 27.  
For years I suffered terrible pains every month and my doctor told me I could not be cured except by an operation. I felt I could not submit to that and was so despondent I had given up all hopes of a cure. My husband insisted on my trying Wine of Cardui and at last thank God I did try it. Last month I did not have a pain, and did all my work, which I had not done in seven years.

MRS. MINNIE LITTLE.

## Wine of Cardui

Modesty is the crowning virtue of American women. It is the trait that all mankind admires. A modest woman is the most pleasing of all created things. Because of this becoming virtue thousands of women prefer to suffer untold miseries rather than confide their troubles to a physician, and to even think of submitting to an examination is revolting. They can't get their own consent to an operation. Wine of Cardui permits sensitive women to retain their modesty. With it they can cure "female troubles" in the quiet of their own rooms. If special treatment is required they can write to the Advisory Department of the Chattanooga Medicine Co., and their letters will be promptly answered by women trained in the cure of womanly weaknesses and irregularities. There should be no hesitation. Delayed treatment means a chronic condition. The longer postponed the harder to cure.

## Sacrificed to Blood Poison.

Those who have never had Blood Poison can not know what a desperate condition it can produce. This terrible disease which the doctors are totally unable to cure, is communicated from one generation to another, inflicting its taint upon countless innocent ones.

Some years ago I was inoculated with poison by a nurse who infected my babe with blood taint. The little child died, and I was unequal to the struggle, and my life was yielded up to the fearful poison. For six long years I suffered untold misery. I was covered with sores and ulcers from head to foot, and no language can express my feelings of woe during those long years. I had the best medical treatment. Several physicians successively treated me, but all to no purpose. The more they tried to add fuel to the awful flame which was devouring me. I was advised by friends who had seen wonderful cures made by Dr. S. S. Wood's S. S. S. I got two bottles, and I felt hope again revive in my breast—hope for health and happiness again. I improved from the start, and a complete and perfect cure was made. Dr. S. S. Wood's S. S. S. is the only blood remedy which reaches desperate cases.

Of the many blood remedies, S. S. S. is the only one which can reach deep-seated, violent cases. It never fails to cure perfectly and permanently the most desperate cases which are beyond the reach of other remedies.

## BRYAN WARNS THE BOLTERS.

Seeks to Win Kentucky Votes for William Goebel.

Junction City, Ky., Oct. 18.—William Jennings Bryan worked hard for William Goebel Tuesday. He traveled nearly 350 miles, made ten speeches, shook hands with hundreds of Kentuckians, waded through muddy streets and talked with local committeemen between times. Wherever he went he gave democrats to understand that either William Goebel or W. S. Taylor, the republican nominee, would be the next governor of Kentucky, and that a vote for John Young Brown was a vote for Taylor, and he warned the Brown democrats that if they bolted the regular democratic ticket election day they must be ready to assume the responsibility for everything a republican state administration and a republican legislature might do.

A heavy, continuous rain, vexatious delays to the Bryan special, and muddy roads were not able to keep down the crowds which met Mr. Bryan in Frankfort, Versailles, Lexington, Mount Sterling, Winchester, Richmond and Stanford. Men, women and children waited for hours in the downpour for the democratic leader.

Mr. and Mrs. Bryan took breakfast with ex-Senator Joe Blackburn at Frankfort and Mr. Blackburn traveled and spoke with Mr. Bryan all day.

Today Mr. Bryan will work toward Covington by way of Louisville, where it is expected 25,000 people will attend the barbecue. Mr. Bryan will speak at Harrodsburg, Shelbyville and Sanders. Tonight he will leave Kentucky for Ohio.

## Army Now at Full Strength.

Washington, Oct. 18.—One hundred thousand is the strength of the United States army. The latest reports to the war department show that the full strength has been reached in recruiting under the authority of the last congress. Of this force 65,000 are regulars and 35,000 volunteers. No more recruits can be added till congress authorizes it. This army of 100,000 can be maintained only until June 30, 1901. By Nov. 15 all the forces needed for the Philippines, 68,000, will be on the way and the last transport will have arrived before the beginning of the new year.

## Strike Delays Launching.

New York, Oct. 18.—The launching of the torpedo-boat destroyer Bailey, built by the Gas Engine and Power company of Morris Heights for the United States navy, which was to have occurred this week, has been postponed indefinitely owing to the prolonged strike of the ironworkers employed on the craft. The men quit work about two months ago and a settlement of the trouble seems as far away as at the start.

## Lives Thought to Have Been Lost.

Chicago, Oct. 18.—Two lives are believed to have been lost in a fire that destroyed the six-story building at Van Buren and Green streets early Tuesday evening, while two others are missing and may be dead. More than 400 girls were employed in the plant and six had to be carried out, as they were overcome by smoke. The damage to the property is estimated at \$230,000.

## Illinois Baptists Convene.

Monmouth, Ill., Oct. 18.—The General Baptist association of Illinois opened its convention here Tuesday. The Rev. Myron W. Haynes, chairman of the education commission, made a comprehensive report of the various state institutions, showing them in a fairly prosperous condition. The Rev. M. W. Haynes of Chicago was chosen moderator.

## New Delegation in Berlin.

Berlin, Oct. 18.—The German emperor intends to establish in Berlin an apostolic delegation to take under its wing the interests of 200,000 Roman Catholics of Berlin and environs. The delegation will be in direct communication with Rome. The first occupant of the new post will be a German.

## Company C Leaves Marion.

Marion, Ill., Oct. 18.—Company G, Fourth Infantry, left for Carbondale Tuesday night. The duties of guarding the jail here, in which are confined twenty of the Carbondale rioters, who have been indicted for murder, will be performed by a detail from company B of the same regiment.

## Treasure from the Klondike.

Seattle, Wash., Oct. 18.—The last big shipment of gold from the Klondike by way of the upper Yukon and Lynn canal came Tuesday on the steamer Dirigo. There was over \$1,050,000 worth of actual treasure.

## Birds Tenacious of Life.

The coloring of a bird in perfect health and the texture of its feathers are exactly the same at 50 as at 5, and those signs that are popularly put down to age, such as bleached and faded plumage and misshapen claws and beaks, are attributable to unnatural conditions of some kind. The great tenacity of life some birds possess when deprived of food is marvelous, and the following instances are given: Golden eagle, twenty-one days; an elder duck, twenty-eight; an albatross, thirty-five; and a penguin (aptero dytes), it is stated, can live two months.

## Rockefeller's Reason.

New York Tribune: John D. Rockefeller in recently declining to aid personally in erasing the debt of a western church said to the applicant: "I cannot oblige you because I have no opportunity to examine a report of your financial condition, and I never contribute under any other circumstances. You had best apply to the mission people for assistance. Last year I contributed \$1,000,000 through the mission officials because I felt sure that they knew the needs and could distribute it wisely. I might make a mistake."

## Leaving Things Behind.

An aged man once thought he had discovered the fountain of youth. A stream of clear, sweet water gushed from the earth, forming a sparkling streamlet that rippled musically away over gleaming pebbles. "Here," said the old man as he knelt to partake of the life-giving water, "I will leave all behind me." Even as he spoke a goat bursted him clear across the spring, and when he recovered only a mud puddle remained. Some times people can leave all behind them and be happy; but as a rule they can't.

## HEARTY EXPRESSION

Hundreds Tell of the Change Which They Have Felt.

## The Time Comes for Wisconsin People to Tell What Has Been Done for Them.

The time has come when people in Wisconsin feel the change. Many people in this city have given voluntary endorsement of the great change they have felt after using Morrow's Kid-ne-oide.

Kid-ne-oide will cure a lame back, kidney backache, urinary and kidney disorders, sleeplessness, restlessness and nervousness. We always like to give reference as to the merits of Morrow's Kid-ne-oide, and this time refer you to Mr. John Kohman, works at the Bain Wagon Factory and who lives at 316 Division street, Kenosha, Wis., says: "I suffered from disordered kidneys for some time past. I had a dull, heavy pain across my kidneys and it hurt my back to bend over or straighten up quickly. My urine was of a dark red color. I heard about Morrow's Kid-ne-oide and secured a package and took them according to directions, and in three days was completely relieved of kidney backache, and restored my urine to its natural color. I will continue to use Kid-ne-oide and will recommend them to my fellow workmen."

Morrow's Kid-ne-oide are not pills, but yet w tablets, and sell at fifty cents a box by all druggists and by The People's Drug Co.

Mailed on receipt of price. Mailed by John Morrow & Co., chemists, Springfield, Ohio.

## A Fall Foot Festival...

In which we gathered the triumph of the shoemaker's art, surpassing in up-to-date fitness anything yet approached. We know no limit when it comes to matter of styles. We don't attempt to "fit every foot" with a just freshly advertised one Shoe. The makes that have made reputations through skill and brain, such as the Hanan for MEN and the John Foster for the LADIES, are as always, alone and The Best. It costs but a little more to have your foot PROPERLY FITTED, and time will tell which is the cheapest way—to buy a good Shoe at first, or be all the time run down at the heel and dissatisfied. We realize it takes time to convince a good many people into this way of thinking, but from the numbers now fitted and wearing these makes our efforts are meeting with success.

A Hanan for a Man is \$5 00 a pair. A John Foster for a Lady is \$4.50 a pair. See them—they are the Best you can find.

## Ideal Milk Stands All Tests

The point brought up at a "Council" meeting some little time since, regarding the inspection of city milk, would, if enforced, find Ideal Aerated Jersey Milk ready for any test. It is cooled and bottled in the most approved manner, bottles are scalded and thoroughly rinsed and each bottle fitted with clean, new, wood pulp corks. It will keep well and is perfectly pure. When cream forms on milk and becomes stringy it is impure. Ideal Milk forms perfect cream.

# EIGHTH SEMI-ANNUAL OPENING SHOE SALE,

Three Days---Thursday, Friday and Saturday--This Week

**10% Off** on every pair of Shoes in the store during this sale, for cash. We have always held these Opening Sales. They give people an opportunity of purchasing Shoes at a reduction just at the season of the year when they are most needed. You get the benefit of after-season prices. Our stock was never larger or better assorted; we bought with the idea of a very large trade this winter and we will not be disappointed. Footwear for the entire family can be purchased at this sale with a considerable money saving.

**Men's Shoes**—The celebrated STACY, ADAMS & CO. leads the list in Men's Fine Shoes. Ten different shapes to select from. Patent Leathers, Enamels, Russia Calf, Vici Kid and Box Calf. You cannot wear a Stacy-Adams Shoe out—saying a good deal, but a fact nevertheless. They sell regularly at \$5.00; opening sale price **\$4.50**

Our lines of Men's Shoes at the regular medium prices of \$3.00, \$3.50 and \$4.00 were never stronger. The experienced Shoe man would have difficulty in choosing between these Shoes and the Stacy-Adams line at \$5.00. Twelve different styles to select from. All leathers. During the opening sale the \$4.00 Shoes go at \$3.60, the \$3.50 Shoes at \$3.15, and the \$3.00 ones at \$2.70.

## A Splendid Lot of Shoes For Men

**10 Per Cent. Discount from Regular Prices for Cash...**

**Ladies' Shoes**—We have made a reputation among the fair sex of all Rock County. The greater share of the patronage of ladies so far as Shoes are concerned comes to us, simply because ladies know that there is no difficulty in finding just what they want here. THE MANNISH SHOE—they are made the same as a man's Shoe and all with the same effect. Opening Sale Price, \$2.70, \$3.15, \$3.60. KID STOCK SHOES with welt and turned soles—the prettiest shapes imaginable. A dozen different lasts for selection from four different manufacturers. They sell regularly at \$3.00, \$3.50 and \$4.00. Opening Sale prices, \$3.10, \$3.15, \$3.60. In moderate priced Shoes for ladies, at \$2.00 and \$2.50. Box and Velour Calf Shoes on the Mannish last. They are McKay stitched, but give wear in plenty. At this price we also show a great variety of styles—Shoes that cannot help pleasing every lady. During the opening sale these Shoes all receive the 10 per cent discount for cash. Strong lines of Ladies' Shoes at \$1.25 and \$1.50, in button and lace. We sell a great number of Shoes at these prices and have always made a point in buying stock that will give the greatest wear possible. During our Fall Opening Sale, 10 per cent. discount for cash.

**Our Boys', Youths', Misses' and Children's Shoes**—This department has always been a strong feature with us. Shoes for Boys and Youths, ranging in price from \$1.00 to \$2.00, with the style of the Men's Shoes; during the opening Sale, 10 per cent discount for cash. ## Boys' Suits ... \$5.00

.. Sizes 3 to 16

We have hundreds of suits at lower prices, some at \$2 a suit and excellent value at that, but the suits that we are advertising at \$5 are more value for this price than we ever before heard of.

**The Fabrics are absolutely Pure Wool Worsted.**

The styles in some of the smaller sizes, 3 to 10, are beautiful in design and combination of trimming. The larger sizes are of course made with plain double breasted jackets:

All of them are sewn with practically unbreakable heavy silk and every exposed point is strongly reinforced.

All the profit that is made on these suits the purchasers will have, for neither the manufacturers nor ourselves make enough to count. This is one of our efforts to give mothers and guardians unmatchable value.

## Rogers, Peet & Co.'s Suits and Overcoats
